Infidelity + A.M.I.

Summary

All the characters are over 18.

My name is Cassie. I have sex with my boyfriend Liam and then find out he's cheating on me with my friend Sarah and some other women.

- A translation of [Infidélité + A.M.I.](#) by [MiaQc](#)

My name is Cassie. I'm naked and lying in my boyfriend Liam's bed. He walks naked into his room and asks me if I like his big cock.

"Yes, I love it!"

"Do you want it in your pussy?"

"Yes, but you have to prepare it first."

"With pleasure."

Liam climbs into the bed. He's on top of me. He kisses my neck, my nipples, moves his lips down to my pussy. I moan as he licks it gently with his tongue. Liam puts a finger inside me.

"Ohhh~ that's good!"

"Yeah. My dick can't wait, Cassie."

"Okay, you can shove it in my tunnel."

Liam removes his finger and gently enters his cunt into my pussy. We moan at the same time. I'm so happy. Liam loves me and I love him. He penetrates me several times, my body moving with his, then turning my head I notice something hanging on a wall. Pink cotton panties.

"Liam! What the...?" I asked between several groans.

"What, baby?"

"That panties on the wall."

"It's nothing." He says to me while continuing to grope my pussy with his cock.

Liam ejaculates, I cum as I orgasm, and I order him to pull out. Liam pulls his dick out, confused, and I stand up of the bed. I look at the panties.

"It's not mine! What does that mean?"

"Why are you so obsessed with panties? I told you it was nothing."

"NO! It's not nothing! Are you sleeping with another woman?"

Liam says nothing. I yell at him.

"Fuck, Cassie! You're crazy!"

"NO, TELL ME THE TRUTH!"

"Okay, okay. I'm sleeping with Sarah."

"Sarah? My friend Sarah?"

"No, she's another Sarah. She and..."

"She and'...? You're cheating on me and with more than one woman? How can you do this to me?"

"Come on Cassie! What's the big deal? You're my favorite."

"Your favorite'... Yeah, 'your favorite'..."

I mumble insults as I get dressed. Liam tries to get me to lie down beside him again, but I push him away. I leave his house in tears. I run home.

I'd so like to have this new trendy AI. This A.M.I. I could confide in her. Oh, I really need someone to talk to, and Mom's gone. As for Dad, he doesn't understand this kind of thing.

Liam may have told me it was a different Sarah, but I'm sure he was talking about my friend. Sarah, how could she do this to me? Now I want revenge. Against her and against him. But how?

The next day, I find an abandoned cell phone on the road. There's an A.M.I. in it. I confide in her. I feel she's going to be my only friend. A.M.I. is going to help me get my revenge!
